

Privacy Notice

This document is based on the England Athletics sample Privacy Notice from January 2022.

Introduction

Chichester Runners & AC is committed to protecting and respecting your privacy. For any personal data you provide for the purposes of your membership, Chichester Runners & AC is the Data Controller and is responsible for storing and otherwise processing that data in a fair, lawful, secure and transparent way.

What personal data we hold on you

You may give us information about you by filling in forms at an event or online, or by corresponding with us by phone, e-mail or otherwise. This includes information you provide when you join the Club, enter Club events, register on booking systems managed by the Club (eg. Spond), engage with the Club on social media (eg. Facebook or Strava) or update your profile on the EA MyAthletics portal.

The information you give us may include your name, date of birth, address, e-mail address, phone number, gender and name of any other EA affiliated Clubs with which you are registered (Athletics Data).

Why we need your personal data

The reason we need your Athletics Data is to be able to administer your membership, and provide the membership services you are signing up to when you register with the club. Our lawful basis for processing your personal is that we have a contractual obligation to you as a member to provide the services you are registering for.

Reasons we need to process your data include:

For training and competition entry

- sharing personal data with club coaches or officials to administer training sessions;
- sharing personal data with club team managers to enter events;
- sharing personal data with facility providers to manage access to the track or check delivery standards; and
- sharing personal data with leagues, county associations (and county schools' associations) and other competition providers for entry in events.

For funding and reporting purposes

- sharing anonymised data with a funding partner as condition of grant funding e.g. Local Authority;
- analysing anonymised data to monitor club trends; and
- sending an annual club survey to improve your experience as a club member

For membership and club management

- processing of membership forms and payments;
- sharing data with committee members to provide information about club activities, membership renewals or invitation to social events;
- club newsletter promoting club activity; and
- publishing of race and competition results

Marketing and communications (where separate consent is provided)

- sending information about upcoming Club events;
- sending information about promotions and offers from sponsors;
- sending information about selling club kit, merchandise or fundraising.

On occasion we may collect personal data from non-members, eg. participants in events organised by the Club. This information will be stored for 1 year after an event and then destroyed securely. Our lawful basis for processing data is consent. Therefore, we will also need explicit consent from non-members to process this data, which we will ask for at the point of collecting it.

The Club has a social media presence, currently on Facebook, Twitter, Instagram and Strava. All members are free to join club groups on social media. Please note that providers of social media platform(s) have their own privacy policies and that the club do not accept any responsibility or liability for these policies. Please check these policies before you submit any personal data on the club social media pages.

Who we share your personal data with

When you become a member of the Club, your name, email address and phone number will be used to set-up an account on the Club's online booking system. At the time of writing, this is provided by Spond AS, a Norwegian company. Spond's Privacy Statement can be read online <https://spond.com/privacy>.

When you become a member of the Club you can also choose to be registered as a member of England Athletics Limited. If you choose to be registered, we will provide England Athletics Limited with your Athletics Data which they will use to enable access to the MyAthletics portal. England Athletics Limited will contact you to invite you to sign into and update your MyAthletics portal. You can set and amend your privacy settings from the MyAthletics portal. If you have any questions about the continuing privacy of your personal data when it is shared with England Athletics Limited, please contact dataprotection@englandathletics.org.

The Club's membership and other data is stored on in a restricted-access area on Google Drive. Google's privacy statement can be read online <https://policies.google.com/privacy>

The Club does not supply any personal data it holds to any other third party.

With the exception of the services noted above, the Club does not store or transfer your personal data outside of the UK.

How long we hold your personal data

We will hold your personal data on file for as long as you are a member with us. Athlete data is updated every year on annual membership forms. Any personal data we hold on you will be securely destroyed after four years of inactivity on that member's account, in line with England Athletics Limited's retention policy. Your data is not processed for any further purposes other than those detailed in this policy.

Your rights regarding your personal data

As a data subject you may have the right at any time to request access to, rectification or erasure of your personal data; to restrict or object to certain kinds of processing of your personal data, including direct marketing; to the portability of your personal data and to complain to the UK's data protection supervisory authority, the Information Commissioner's Office about the processing of your personal data.

As a data subject you are not obliged to share your personal data with the Club. If you choose not to share your personal data with the Club, we may not be able to register or administer your membership. The Club will not make special provision to administer membership for members who choose to withhold their personal data.
