Coronavirus (COVID-19) - We're in this together

# Looking out for our neighbours scheme

It's now more important than ever that we reach out to the people around us.

So many of you have kindly offered to help those who live close to you by picking up medication and shopping, or even having a friendly chat on the phone. It's people like you who are making such a huge difference to those who are lonely or vulnerable.

We have created our help your neighbour scheme to help provide you with some guidance and materials and to let you

know what we are doing to help those who are most vulnerable. As part of this, we have created a community guide, which contains lots of important contact details and information, as well as key guidance. You can find all of this at [www.chichester.gov.uk/helpyourneighbour](http://www.chichester.gov.uk/helpyourneighbour).

## Community Hub

We are also working in partnership with West Sussex County Council, to support those most at risk through their community hub. You can contact the Community Hub if you, or someone you know, need help in these difficult times. This will be available seven days a week and staff will be on hand to respond to enquiries from 8am-8pm. If you have support in place already then please continue to use this.

You can contact the Community Hub on: **033 022 27980** or online at [www.westsussex.gov.uk/covid19communityhub](http://www.westsussex.gov.uk/covid19communityhub)

*chichester wellbeing*
