COMPANY

Now you can have an expensive looking kitchen, without the expense.

“

So many of our customers start out thinking they are only having a makeover and end up talking as if they have had a new kitchen, as the end results are so very, very good.

MARK LEWIS - DESIGNER

”

The **Shaker Door** has been the **Heart & Soul** of kitchen looks and styles for generations of homeowners and remains an ever more popular choice today.

The shaker look is renowned for being both timeless and versatile with it's pared back style and perfectly proportioned frame options, which is why we have chosen to create our very own unique collection called **Heart & Soul**.

Heart & Soul shaker doors provide you with the traditional, handmade aesthetic, whilst also giving you the flexibility of design through styles and finishes. With our **Heart & Soul Collection** we offer you infinite possibilities to create your dream kitchen look. From lined to unlined, wide frame or thin frame, smooth finish or woodgrain all with complimentary accessories which allow you to create a modern look or the more traditional look kitchen.

Whatever you choose, the highly desirable kitchen looks of **Heart & Soul** will give you the appearance of an expensive looking kitchen without the expense. Go for a stylish makeover by simply changing your doors, or a completely new look with matching trims, panels, worksurfaces and new cabinets, where needed.

Why you should choose the Kitchen & Makeover Company for your kitchen makeover.

Dear Mark and Lisa

*" We would like to say a big
"thank you" for all the help and
advice you gave us to select and
have fitted our new kitchen doors,
drawers and worktops.
The makeover itself was exactly
what you had promised and more..*
