Paddle Sports

Located on the banks of the tidal Beaulieu River and set within a tranquil nature reserve, both our Canoeing and Kayaking bases offer up wonderful locations to explore. Head up or down stream, drift on tidal currents or explore and learn about the river's rich history.

All of our Canoeing and Kayaking sessions are expertly guided by our knowledgeable activity instructors. Your group will be taught the fun-damental paddling techniques needed to successfully navigate the river as well as learning about the wildlife that calls the Beaulieu River Nature Reserve home.

Not sure about water?

Sometimes the idea of being on the water can be anxious for some, but we have plenty of tricks up our sleeve to make sure that we can adapt craft, sessions, and groups, so people can work at their own levels inside a comfort zone, yet be stretched just a little more.

Canoeing
Learn to paddle together.

Canoeing

Challenge

Adventure

Social Learning

Confidence grows using 2-3 seater stable Canadian canoes to explore the Beaulieu River Nature Reserve. Small teams will need effort and understanding to get where they need to be. Paddling your own canoe takes commitment, communication and awareness, a great metaphor for life!

Optional Extras: Journeys/Expeditions, Training & Qualifications

Kayaking

Challenge

Adventure

Shared Learning

Develop self and spacial awareness in your own kayak (or with a friend on a double kayak!). Independence, decision making, co-ordination, resilience and team play are all employed as we take a journey along the river, with river challenges set along the way.

Optional Extras: Journeys/Expeditions, Training & Qualifications

Canoeing Explore Beaulieu River.

Kayaking Gaining independence.

Bushcraft

Environmental Awareness Shared Learning

Bushcraft and camp skills are all about learning to be equipped and comfortable outdoors in an interesting and hands on way. This could be anything from building shelters and fire lighting, to foraging and tracking. Choose to prepare meals or cook lunch over the fire you've just built.

Optional Extras: Overnight Camps

Archery

Challenge Shared Learning

A technical activity; learning the art of Archery develops a sense of routine and calmness of mind. Fine and gross motor skills will be honed at the archery range through a variety of games and competitions. Take care; chasing that gold can become addictive!

BattleZone Laser Tag

Challenge Adventure Confidence

BattleZone team play requires strategic planning, communication and a sense of adventure. Our combat game activity uses infra-red gaming technology meaning that there are no projectiles and instant score feedback. Working together as a team is crucial if students want to lead their team to victory!

Optional Extras: Tournaments & Mobile Events

Woodland Activities

With various woodland locations throughout Beaulieu, we're able to provide a host of activities including Archery, Bushcraft, BattleZone and Ropes Course challenges.

All are fantastic for personal development and for really honing and perfecting new skills. Sessions begin with a briefing and our activity instructors will demonstrate the correct and safest way to carry out your chosen activity. Students will then put what they've learnt into practice, with constant mentoring and feedback throughout.

Or for something a little more team orientated, BattleZone is great for groups looking to improve communication skills, planning and general camaraderie amongst students.

Bushcraft

Learning basic survival skills.

Ropes Course

As well as offering a wide variety of fun and inclusive challenges, our ropes activities provide students with lots of opportunities to learn skills, realise their own limits and how to support those with different limits. This could be anything from problem solving or simply how to tie a knot.

We can tailor our Ropes Course activities to meet your aims and the desired learning outcomes for your group.

Not sure about heights?

Sometimes the idea of being at height can be anxious for some, but we have plenty of tricks up our sleeve to make sure that we can adapt roles, sessions and groups so people can work at their own levels, yet be stretched just a little more when they're ready! It's very much challenge by choice!

High Ropes
Conquering fears.

High Ropes

Challenge

Adventure

Shared Learning

Tucked away in the woodland, the high ropes creates an ideal environment for building confidence. Positive encouragement accelerates personal growth and capacity for challenge. It's great for cheering your buddies on! Visualisation, breathing techniques and physical anchors create the best 'state' for success.

Optional Extras: Rope Work

Low Ropes

Social Learning Shared Learning Challenge

Exercises are comprised of swings, bridges and obstacles for the group, everyone needs to pull together. Challenges are designed to develop team work and group support. Low Ropes gives you a chance to explore many aspects of team performance and boosts confidence to progress higher.

Optional Extras: Competitions & Mobile Events

Team Challenges

Challenge

Creativity

Social Learning

A variety of mental and physical challenges that require groups to communicate, solve problems and work together. All challenges will be adapted for the group, are great fun and really bring a team together.

Optional Extras: Competitions & Mobile Events

Activity Sites

Our sites are tucked away around the Beaulieu Estate with easy road access from major networks and inter-site transfers of around 10 minutes. All sites have good car and minibus access and provision for coach drop offs. Need a site visit? Let us know!

Transport We're based in the idyllic village of Beaulieu in The New Forest National Park, Hampshire. Our campsite is **centrally located** amongst our activity sites which are a quick 10-minute transfer away. We can help with transfers between sites using our 16 seater minibus and tractor and trailer, however your own transport will be required to travel to us. Additional costs apply. For more information, click the video above.

This is head and shoulders over anything that we've done before. The booking process was so fantastically straightforward and New Forest Activities have been so helpful in making sure that we had the right balance of activities that are perfect for every age range.

We visit every year

We have been booking canoeing and BattleZone at New Forest Activities every summer for the last few years. Instructors are fantastic and both pupils and staff always have a brilliant time.

Morag May
Lakeside School

The students loved it!

Our booking experience was thoughtful, it was flexible, it was sensitive to the needs of the children we brought and it was really easy.

Tom Lewis
Yarrell's Prep School

Excellent!

The children from Brockenhurst Primary had such a brilliant day on their trip to New Forest Activities. The leaders and activities were great and the children can't stop talking about what a fantastic day they had.

Beth Martin
Brockenhurst Primary

Fancy a site tour? We'll treat **you** to an adventure instead!

There's a lot that goes into planning a school trip, and more often than not teachers don't get given any extra time on top of their already busy workload to plan it.

In this instance, finding the time to schedule in a site tour might seem impossible...

But not with us!

If you're organising a school trip and would like to come and get a taste of what we do here at New Forest Activities, we'll offer you a **FREE** activity with us which you can come and enjoy with either your colleagues, or your family or friends in your own time.

You get a super awesome adventure **on us** whilst being able to see our activities, sites and facilities first hand.

Just let us know upon enquiry and we can get your activity sorted for you.

Come and visit us! Try an activity of your choice.

Stress Free Booking

Booking a day, multi day or residential trip couldn't be easier. Our School Trip Coordinators will work closely with you from enquiry through to final booking to ensure your trip meets all your requirements.

Enquire

Call our friendly team with an idea of possible dates, group numbers and your preferred activities. Or, simply choose from any of our pre-built packages to make things quick and easy! To help it make sense, we're really happy to arrange a tour of our sites beforehand.

Build Your Day

If you can't find an itinerary that quite suits we'll work with you to build a bespoke programme of activities, with details right down to the learning outcomes, logistics, catering, and kit requirements.

Deposit Payment

A 10% deposit will secure your event.

Interim Payment

We'll then take the next 40% of your balance, sixteen weeks before your event.

Confirm

Four weeks prior to your trip we'll get back in touch with you to confirm final numbers, details and collect the final balance. It's as easy as that!

FAQ's

What memberships and affiliations do you have?

All of our activities are approved by AALA, (The Adventure Activities Licencing Authority), Learning Outside the Classroom, and Hampshire County Council, along with activity specific affiliations.

Can any activities be linked to the curriculum?

Of course! If you have outcomes and learning that link to the curriculum you'd like to explore, let us know. With activities that link into Physical Education, Geography, Fieldwork and local History, we'll be happy to draw those themes out during our sessions.

Can I see the site before I decide?

Absolutely! We understand how involved it can be booking activities and residentials on behalf of others and we'd happily encourage you to come and take a look and meet some of the staff who will be looking after your sessions.

How can I pay for my school trip?

You can confirm your trip with a non-refundable 10% deposit which we will invoice you for and is based on approximate numbers at the time of booking. We'll then take an interim payment for the next 40%, 16 weeks before your activity or residential date. Final numbers and remaining 50% balance are due no later than 4 weeks before an activity or residential date. Please [click here](#) to see our full terms and conditions.

What kit do the students need to bring?

We have kit lists for both students and leaders to help with organising and packing for your trip. We will provide you with these as part of your joining instructions.

Do you accommodate students with special needs/disabilities?

Many of our activities encourage inclusion for physical, learning and behavioural difficulties. Have a chat with our team to discover which programmes and activities might suit your particular needs.

How do I get everyone involved?

We understand that challenge is different for everyone. We all have our personal comfort levels and boundaries that we struggle to cross. We've had many non swimmers in canoes, those nervous about heights supporting their friends on the rope challenges and people unable to disconnect from electronics saying "this is even better than the ipad". All our instructors are well versed in our 'challenge by choice' ethos, providing support, encouragement and choices that reflect individuality.

Where are you based?

You'll find us in Beaulieu in The New Forest, Hampshire. Our campsite is centrally located amongst our activity sites which are a quick 10-minute transfer away by either coach or minibus. We can help bolster your own minibus provision with our 16 seater minibus or tractor and trailer. If you would like to add activity transfers to your booking please contact us for a quote. Your own transport will be required to travel to us.

What quality of instruction can we expect?

All of the instructors at New Forest Activities are highly experienced and passionate about delivering memorable experiences. Undergoing rigorous training, our instructors will always ensure the physical and emotional safety of all participants. We operate a 'Challenge by Choice' ethos, whereby students will be encouraged to stretch at a speed and level that feels comfortable for them.

What is your approach to safety and risk assessments?

Safety of students and staff is paramount and we are very proud of our excellent school satisfaction, ratings and safety records. We have diligent staff who are constantly reviewing our developed systems and procedures, across safeguarding, risk and safe participation, refining them dynamically. Contact us if you have any specific questions or requirements from your school team or require copies of insurance documentation or risk assessments.

What are the instructor to student ratios?

All of our activities are programmed to ensure a safe ratio of instructors and assistants to students. We expect staff members to be on hand and available during sessions to support our instructor teams particularly with students who have specific needs.

Ratio Activity

1:12	Land-based activities (including ropes)
1:12	Canoeing
1:8	Kayaking
1:20	BattleZone

Who is responsible for supervision and behaviour?

During activity sessions, our instructors will provide all necessary safety supervision and will manage the group with your guidance and support. At all other times, visiting group leaders are responsible for the supervision of students.

During residentials and whilst camping with us, it's the responsibility of the group leaders to facilitate students at our campsite, however we will provide you with an out of hours contact number just in case you need us!

What happens if the weather is bad?

Our kit lists help you to come prepared! Our activities will go ahead in all weathers and we have kit and contingencies in place should it be inclement. In the event that we do need to review your activity, this being if the weather could pose a health and safety risk, such as high winds or electrical storms, an alternative will be provided where possible.

What insurance arrangements are there?

Our insurance, via Activities Industry Mutual, has been tailor made to match our range of activities; a copy of which can be provided on request. However, this does not cover loss or damage to personal property so we'd advise that valuables be left at home.

High Ropes Turn 'I can't' into 'I can'.

Canoeing Grow confidence.

About Us

Born in 2003 out of a passion for paddle sports, Liquid Logistics evolved into New Forest Activities and is now the largest provider of outdoor activities within the National Park.

Our passion and years of experience organising school trips and youth group projects allows us to offer unique and fulfilling activities that will aid both children's educational and personal development.

There are so many benefits to including outdoor activities as part of educational school trips. Getting them out in the fresh air and doing something active is fantastic for their health and well-being. They'll learn new skills outside the classroom.

Approved by **AALA**, **Learning Outside the Classroom** and **Hampshire County Council**, we can deliver standalone activities, day trips and multi-activity packages that are designed to educate outside the classroom and inspire children to try more, do more and achieve more regardless of academic or physical ability.
