

BATTLEZONE

Laser Tag for Sports Teams

Improve teamwork and communication
both on **and** off the pitch.

Looking to improve teamwork, but in a slightly different way?

To work successfully as a team involves careful planning and strategising, understanding objectives and playing in a role or position to maximise your impact within the team (to name just a few!)

We have **lots** of sports teams come to utilise our BattleZone laser tag activity to improve teamwork amongst their team. It's a fun way to mix things up, get players thinking differently, and really gets a team to bond; all of which can be taken back to the pitch!

During a BattleZone laser tag session with us, you and your team will get:

- An **unrivalled** 2-hour BattleZone laser tag experience they simply won't forget!
- **Expert** instructors to facilitate the games and centre them around your goals
- Sheltered picnic areas that you can use as a base for your team, perfect for those wanting to bring along food for afterwards

Plus, we'll give you 1 **FREE PLACE** for coaches with each 8 kids, so you can join in with the games too, **completely free!***

*The more kids you bring the lower the per person price;

- ✓ 1 to 7 players £26
- ✓ 8 to 15 players £22
- ✓ 16 to 24 players £20
- ✓ + 25 players £18

Free places for coaches, so you can join in with the fun too!
