Refurbished Hardware Brochure 2025 Your Trusted Source for Quality, Sustainable IT Solutions

Why Choose Orchid BSI Refurbished Hardware?

All products come BSI refurbished—ensuring the highest standards of quality and sustainability.

- Certified Quality: BSI-Certified refurbishment process ensures exceptional performance
- **Eco-Friendly**: Optimized for energy efficiency to reduce your carbon footprint.
- Warranty & Support: Comprehensive warranty and after-sales support for peace of mind.

Testimonials

We are approached so often by companies wishing to sell their services and products and we all worry about committing to the purchase and quality of goods. However, I have bought reconditioned iPads and laptops many times now from Dean Starbucks at Orchid and have been so impressed that they are our 'go to' company for tech equipment. Dean has a vast knowledge of his products and I have always been impressed at the speed of delivery. Thank you Orchid team

I've used them for refurbished laptops many times and always have a good experience \Rightarrow \Rightarrow \Rightarrow \Rightarrow

Orchid work as I would like every business to. If I ask for something it is always done efficiently and I'm kept updated with progress. I'm always advised of delivery times and sent tracking links. The vast majority of items are delivered next day. Highly recommended \rightarrow

Ready to make a smart investment?

Contact us today for a quote on your **BSI-certified** refurbished laptop or desktop PC.

Choose Orchid Computers for quality, sustainability, and satisfaction.

If this isn't suitable for you, please feel free to forward it to a colleague or department that might benefit from our offerings. Your recommendation is greatly appreciated
