## NEW AND EXCLUSIVE TO YUU!

### It Doesn't Hurt To Have Smooth Skin

Soprano hair removal solution offers several incredible advantages to other available solutions, due to its unique combination of cutting-edge technologies, extra large applicator and advanced cooling system. These features let you feel fabulous fast – pain free!

### The Beauty of 3

Featuring its exclusive 3D technology, Soprano combines the three most effective laser wavelengths into a single applicator, simultaneously targeting different tissue depths and anatomical structures within the hair follicle. This means that different levels within the skin are targeted all at once, leading to a much more effective treatment – and skin that stays hair-free longer.

### Say Freeze!

Forget about pain or discomfort. Soprano includes a breakthrough cooling system, called ICE Plus that has been uniquely designed to keep your skin cool throughout the entire session. Sit back and chill out with a smoothie, as your skin becomes smooth and silky.

### 3-2-1 Smooth!

Another amazing benefit of Soprano is its extra-large TRIO 4cm<sup>2</sup> applicator. This means that the coverage area is much bigger, significantly shortening treatment times and making the entire hair removal process much more comfortable and convenient. You'll be out and about in less time than ever!

Please note: an essential patch test at the cost of £20 must be carried out prior to any treatment to determine Laser effectiveness and suitability for your skin. This cost is redeemable against the purchase of future Laser treatments.

## Specialist Fungal Nail Treatment

Did you know that hand and nail fungus are increasingly common ailments? We at Yuu Beauty see countless clients, desperate to find a fast-acting, effective remedy to this unsightly problem. Thankfully, we are the first range of skin clinics to offer an exclusive, medically proven IPL treatment courtesy of world-class aesthetic company, Formatk. This is a truly unique and powerful therapy with often remarkable improvements after one session. Treatment of all ten fingers/toes is recommended to combat spread of fungus.

8-12 treatments are recommended to effectively reduce and get rid of bacterial fungal on nails.
