Hello! We are delighted to announce the formation of the Derbyshire and Nottinghamshire Early Years Stronger Practice Hub.

Our vision as partnership of Early Years settings is to support and empower all practitioners working in the diverse range of early years settings across our area, to be at the cutting edge of great practice.

Our work will specifically focus on supporting children who have been the most affected by Covid-19 to recover from its impact. We will be building peer-to-peer networks and supporting settings with areas of development that research informs us have been most impacted by COVID-19:

- personal social and emotional development,
- communication and language,
- early literacy and maths.

We are excited to work with you to enable and provide a stimulating programme of information, training, activities and events for all early years practitioners and to support the needs of your children and families.

Find out more:

- ✓ come and meet us at our **launch event** (details below) and
- ✓ **register with us** to receive regular updates and access to wide range of free CPD for you and your staff.

We are looking forward to working with you.

A handwritten signature in teal ink that reads "Emma".

Emma Haywood  
Head Teacher, Alfreton Nursery School  
Director, Early Years Stronger Practice
