

Renault Group

MANUFACTURER OF INNOVATIVE VEHICLES

OUR BUSINESS

SINCE MORE THAN 30 YEARS, PVI DEVELOPS, MANUFACTURES AND SALES INNOVATIVE VEHICLES FOR THE EUROPEAN MARKET.

PVI is an expert in the development and the production of new energy vehicles.

We help our customers to convert their fleets of commercial vehicles to electric and hydrogen technologies.

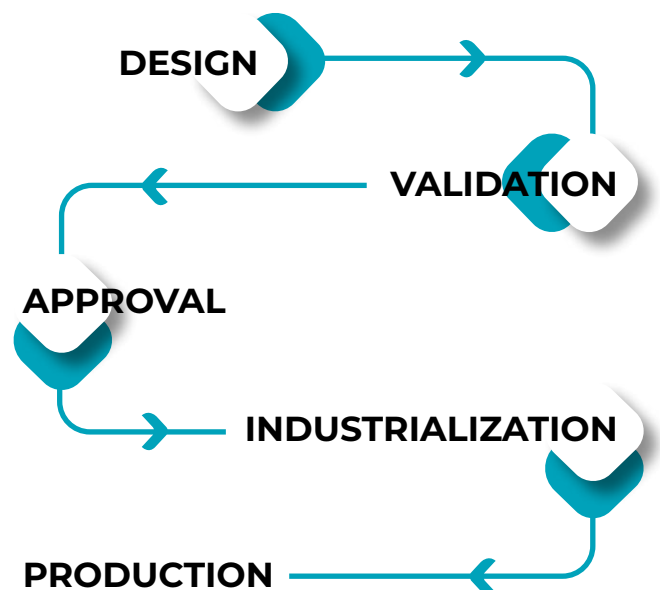

OUR KNOW-HOW

DEVELOPMENT

Our engineers develop, test, manage certifications, and design the assembly process of the innovative solutions proposed by PVI.

MANUFACTURING

Our flexible manufacturing plant can be adapted to the type of platform to produce. PVI's assembly technicians are trained to work with variable volumes on different kind of vehicles.
